

WBMA, LLC provides comprehensive, collaborative mental health care through our team of psychiatrists, psychologists, neuropsychologists, art therapists, psychotherapists, life coaches, and neuroscientists. Our patient population is diverse, we are inclusive and welcoming to all, and we are neurodiversity affirmative.

We provide highly personalized integrated care for children, teens, young adults, adults, and seniors. Our physician-scientists working together with our therapists, offer specialized diagnoses and treatment for mood and anxiety disorders, autism spectrum disorders (ASD), attention deficit hyperactivity disorder (ADHD), alcohol and substance abuse disorders (including suboxone), and psychiatric management of genetic disorders.

What the Psychiatrist Does: The provider works as a part of a high-performing team to plan and provide superior patient care. Clinical responsibilities include behavioral health assessments, ongoing care and collaborating with the patient's treatment team including community providers.

Schedule • Flexible – up to 40 hours weekly

Minimum Requirements:

- MD or DO with a specialization in psychiatry
- A valid license in the State of Maryland in Medicine and Surgery free from infractions or restrictions on licensure
- Drug Enforcement Administration (DEA) Controlled Substance Registration Certificate
